LEPC – LEADING THE WAY 2017

LEPC Leading the Way

*Presented by the
Henry County LEPC
and the West Tennessee
Emergency Management
Association*

Your Local Emergency Planning Committee can greatly enhance your success for community risk management planning. Your local LEPC can “LEAD THE WAY” to bring together local community partners such as emergency response agencies, health professionals, non-profits, business and industrial safety professionals to enhance community preparedness, training and response. Your local LEPC can improve emergency response planning and enhance emergency management preparedness at the local and regional level. Your LEPC can

provide an association through which local governments can network to address mitigation, preparedness, response, and recovery issues affecting their jurisdiction.

Your LEPC can provide better understanding of community hazards and focus on proper planning and training can result in your “Success” for community preparedness.

At this year’s LEPC Conference you will hear information to enhance your emergency preparedness for reducing chemical accidents, identify and reduce hazard and health risks, and the opportunity to network with industry professionals in the response, health services, and educational fields. We look forward to seeing you at this year’s conference at Paris Landing State Resort Park!

Mission Statement

To enhance emergency management activities on the local and regional level.

To provide an association through which local governments can network concerning mitigation, preparedness, response, and recovery issues affecting their jurisdiction.

WTEMA is a non-profit association comprised of emergency management directors, staff, law enforcement, fire departments, emergency medical services, rescue squads, and associated emergency management professionals.

This conference partially funded through a grant from the U.S. Department of Transportation and the Tennessee Emergency Management Agency.
