Paris, Henry County, Tennessee

This easement description was prepared without benefit of an abstract of title. No liability is assumed by the undersigned for loss relating to any matter that might be discovered by an abstract or title search of the property. No attempt was made to review, disclose title problems, or come to an opinion on the title or marketability of the title. Any appearance of an opinion on the title is unintentional. All title questions should be referred to an attorney.

Reasonable and ordinary procedures and survey standards were employed in researching the public records pertinent to the property. Research was limited to properly indexed public records found in the Henry County, Tennessee Courthouse. Private records were not examined unless otherwise noted in this report or on the plat. As a consequence, important information may not have been revealed that could affect the location of the boundaries and title to the property.

Rights or title may align with occupation lines rather than the record boundaries when the occupation lines differ from the record boundaries. An attorney should be consulted to obtain an opinion on the probability of title conforming to the occupation line rather than the record boundary.

We have made no investigation or independent search for encumbrances, restrictive covenants, ownership title evidence, or any other facts that an accurate and current abstract or title search may disclose.

PERMANENT EASEMENT SURVEY

Prepared for TLM, Associates

CITY OF PARIS - Property

Tax Map 106, Parcel 39.01

Paris, Henry County, Tennessee

This easement description was prepared without benefit of an abstract of title. No liability is assumed by the undersigned for loss relating to any matter that might be discovered by an abstract or title search of the property. No attempt was made to review, disclose title problems, or come to an opinion on the title or marketability of the title. Any appearance of an opinion on the title is unintentional. All title questions should be referred to an attorney.

Reasonable and ordinary procedures and survey standards were employed in researching the public records pertinent to the property. Research was limited to properly indexed public records found in the Henry County, Tennessee Courthouse. Private records were not examined unless otherwise noted in this report or on the plat. As a consequence, important information may not have been revealed that could affect the location of the boundaries and title to the property.

Rights or title may align with occupation lines rather than the record boundaries when the occupation lines differ from the record boundaries. An attorney should be consulted to obtain an opinion on the probability of title conforming to the occupation line rather than the record boundary.

We have made no investigation or independent search for encumbrances, restrictive covenants, ownership title evidence, or any other facts that an accurate and current abstract or title search may disclose.

The following described property lying in Paris, Henry County, Tennessee and being a portion of the property as shown on Tax Map 106, Parcel 39.01 in the Assessor's Office of Henry County, Tennessee, and described in Record Book 221 Page 485 in the Register's Office of Henry County, Tennessee and being more particularly described as follows:

SUBJECT: HENRY COUNTY EMPLOYEE BENEFIT PLAN

Thank you for our conference call and for giving me the opportunity to work with you and Henry County, Tennessee.

By this letter, I'd like to outline for your records our fees, billing procedures, and representation. In addition, you are welcomed to visit our website—www.evanspetree.com—where you'll find a curricula vita on me as well as on the other attorneys in this firm, and additional information on the firm.

Based on our discussion, I would anticipate that the bulk of the legal work you might need from this firm will be done by me and my colleague Elizabeth Friary. However, I do work with a number of other partners and associates in my firm. To the extent we can achieve efficiencies for you both in time and cost by using other members of the firm for specific portions of the work, we will do so. We will do our best to work efficiently and effectively for you.

We do work with a number of governmental pension plans. In our work for governmental pension plans we are experienced with the need to provide the work at an efficient governmental rate that is less than our standard rate for our private clients. Because we understand the pressures of budget and tax revenue, we do provide a substantially reduced hourly rate for our governmental clients. While my general hourly rate for clients is \$500.00, our hourly rate for our work with governmental plans is the following:

- | | | |
|-------|---------------------------|---|
| (i) | Frank N. Stockdale Carney | \$350.00 per hour* |
| (ii) | Elizabeth Friary | \$340.00 per hour |
| (iii) | Associates | Standard rate for that associate but not in excess of \$300.00 per hour |

We maintain our time records by computer entry which itemizes the specific time involved, the task completed during that time, the specific personnel involved in the time slip, and the hourly

rate of that personnel. We do provide itemized invoices so that our clients will know what work was done by which firm member, at what hourly rate, and for what amount of time.

To the extent we incur expenses in accomplishing our tasks we bill those expenses directly without additional mark-up. For instance, from time to time we may incur court costs, filing fees, long distance telephone charges, delivery charges, reproduction costs for large reproduction projects, computer research charges, express mail or certified mail expenses, travel costs, etc. in accomplishing the required task. We will bill those expenses without markup for reimbursement. Those specific expenses are itemized on the itemized invoice. We bill periodically for our time and disbursements. Payment is due upon receipt of our statement.

We are very familiar with working with general counsel to municipalities and keeping a governmental entity's legal department apprised of our work to the extent that department wishes to be involved with us as we work with your plan.

If you have any questions whatsoever concerning the above information, please feel free to contact me.

If the below is acceptable please confirm by execution below or an authorized signatory for the County.

Thank you.

RESOLUTION NO. 7-2-25

A RESOLUTION REQUESTING THE 114th SESSION OF THE TENNESSEE GENERAL ASSEMBLY TO ALLOCATE ONE HALF OF THE REAL ESTATE TRANSFER TAX TO THE COUNTY WHERE THE TAX WAS COLLECTED ON A RECURRING BASIS

WHEREAS, for many years, the State of Tennessee has imposed a tax of \$0.37 per \$100 of value for the privilege of publicly recording documents evidencing all transfers of reality, whether by deed, court deed, decree, partition deed, or other instrument evidencing transfer of any interest in real estate; and

WHEREAS, although this tax is collected locally, it is currently remitted to the State, and the revenue is not made available for use by local officials to address needs in the community where the tax is collected; and

WHEREAS, county governments have few revenue options available to them for funding the many crucial governmental services mandated by state law and are therefore largely dependent upon property tax to fund these services; and

WHEREAS, county governments have been fiscally disciplined, allowing Tennessee to remain a low property tax burden state; however, county budgets are increasingly strained by factors such as inflation, challenges in recruiting and retaining qualified staff, and requirements to meet state mandates like increasing teacher compensation; and

WHEREAS, many counties are experiencing rapid population growth as families are choosing to move to Tennessee and settle in its communities, adding to the demand for county services and infrastructure which are necessary to maintain the quality of life all Tennesseans expect and deserve; and

WHEREAS, as the State continues to experience revenue collections in excess of budgeted estimates, allocating one half of the real estate transfer tax on a recurring basis to the county where collected would take pressure off local property taxes and allow for investment in infrastructure and services without unduly burdening state finances and without increasing the rate of this tax; and

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of Henry County, Tennessee assembled in regular session on this 24th day of February, 2025, a majority or more of the membership concurring, requests that one half of the tax collected pursuant to Tennessee Code annotated § 67-4-409 be shared with the County where collected on a recurring basis.

BE IT FURTHER RESOLVED, that the County Mayor and the County Clerk certify and forward this resolution to the members of the Tennessee General Assembly representing Henry County.

BE IT FINALLY RESOLVED, that this resolution take effect from and after its passage, the public welfare requiring it.
